Fiorella's Cucina Toscana offers upscale dining for breakfast, lunch and dinner in a fun, relaxed atmosphere. Under the culinary direction of multi-award-winning Executive Chef Robert Mason, the menu offers simple, fresh and authentic Italian dishes from the regions of Tuscany and northern Italy. Fiorella's ("Little flower" in Italian) wine list offers Old World selections from Italy and New World tastes from California, Australia and emerging wine regions. The dining room ambiance combines a Tuscan theme charm with casual contemporary elegance and showcases original blown-glass art works by Orlando artist Charles Keila.

The colorful abstract pieces represent natural elements including "Millefiore", a traditional Italian form of glass-making, which translates as "a thousand flowers" that bloom on the restaurant's honey-toned Venetian-plaster walls. Al-fresco dining, a pool bar and room service offer guests a wide variety of selections. For more information, call 407.233.2950 or visit
